“TEAM USA VS. THE WORLD” ON MATRIX TURF

Yet another Championship Game on Hellas’ Surface

Austin, Texas February 1, 2011 – Tomorrow “Team USA vs. The World” in Football will be played on Matrix® turf at West Lake High School in Austin. The game is an annual international friendly matching USA Football's Under-19 National Team - composed of graduating high school seniors - against a "World Select" team spanning as many as four continents. Both teams will field a 45-player roster.

Hellas installed the West Lake High School Game Field in 2007 as well as the Practice Field. The company has many successful Matrix® Synthetic Turf installations around Texas. In 2010 alone 189 play-off games were played on Hellas’ turf and 6 State Championships.

This upcoming Sunday Super Bowl XLV will also be played on Hellas’ SoftTop™ Roll Up System in the Cowboys Stadium.
